The Holy Bible is the greatest resource ever compiled. It's a veritable "library" that consists of dozens of distinct Books, written by different people, at different times, in different places, for different audiences, for different reasons and purposes. All were selected because of their authenticity and the undeniable touch of the Master's Hand.

Each month we will read from four distinct sections of the Bible. We'll start in January with the Book of Genesis, Psalms 1-23, Proverbs 1-3 and the Book of Matthew. By year's end we will have read the entire library of Books, and will be far better for it--guaranteed!

So, grab your favorite Bible and get ready for the adventure of a lifetime.
